STANDARD FORM 30 (REV. 10-83) Prescribed by GSA FAR (48 CFR) 53.243 The purpose of this modification to BPA N68939-97-A-0014 is to make the following changes:

- 1. On page 2, paragraph 1 is reworded as follows:
  - 1. The scope of this effort is worldwide. Place of Performance and deliveries will be stipulated on each Task Request Notice (TRN). A TRN is a statement of work prepared by the Government to which the Prime Contractor submits a proposal to the issuing Ordering Officer (a duly warranted Contracting Officer whose warrant authorizes purchases from the GSA Schedule and is referred to herein as on Ordering Officer) in accordance with the terms and conditions of this BPA and the GSA Schedule. Once negotiated, a task order is issued using either a Standard Form (SF) .449 or a Department of Defense Form (DD) 1155. In the event of contradictions between this BPA and a task order, this BPA shall prevail.
- 2. On page 3, paragraph 1 is reworded as follows:

Execution of the BPA will be performed by the Naval Information Systems Management Center (NISMC). Any warranted Contracting Officer in the Department of the Defense, the U. S. Coast Guard, or any other Federal Agency, may place order, under this BPA.

- 3. On page 5, paragraph 12 is reworded as follows:
  - 12. Other Direct Costs (ODCs) consist of materials, hardware and software. Purchase of materials, hardware and software incidental to a specific task and necessary to the performance of that task is allowed. ODCs cannot be greater than 20% of the total task order price unless approved on a case by case basis by the SPAWAR Contracting Officer. G & A will be allowed on ODCs if G & A is already included on the contractor's GSA schedule.
